HADITH

“When **lewdness** is a part of anything, it becomes **defective**; and when **haya** is a part of anything, it becomes **beautiful.**”

**WHAT
IS
HIJAB ?**

Understanding Hijab For Dummies

So many non-muslim people and even muslims think that HIJAB is the type of head covering traditionally worn by Muslim women.

in fact, HIJAB is more than that!

first, Hijab is to lower the gaze, to avoid the sins of the eye and the heart.

it includes the moral conduct, behaviour, attitude and intention of the individual. it also includes the clothes...

To be covered.

Man

Woman

Man and woman's bodies are different, so each of them has a different Hijab. Man should cover his body at least from the navel to the knees. Woman should cover the complete body except the face and the hands upto the wrist.

of course, Hijab is not 24/7. man and woman have to cover when they go out or in front of some specified people.

The rules of clothing for men and women are different because women are less likely to ogle men than the other way around

The clothes worn should be loose and should not reveal the figure.

They should not be transparent such that one can see through them

They should not be so glamorous as to attract the opposite sex and they shouldn't resemble that of the opposite sex

**WOAH!
IT'S TOO TIGHT!**

**OH! NO!
PEOPLE CAN SEE!**

This is humiliating!

Men's clothes

A COMPARISON

My dearest sisters in Islam , Please do not be upset for what I am going to tell you... Do you know that

THIS IS HIJAB

IT covers all the body apart from whatever has been exempted...

IT is not an adornment in and of itself...

IT is thick and not transparent or "see-thru" ...

IT is loose, not tight so that it describes any part of the body...

IT is not perfumed with bakhoor or fragrance...

IT does not resemble the clothing of men...

IT does not resemble the dress of Kaafir women...

IT should not be a garment of fame and vanity...

Sheikh Al-albanee (Rahimahulah)

THIS IS **NOT** HIJAB

WONDERING WHY ?

IT is tight and it describes parts of body...

IT resembles the clothing of men such as pants, jeans..

IT resembles the dress of Kaafir women...

IT doesn't cover all the body, your ears are showing,
your skin is showing and your feet are showing...

IT is an adornment in and of itself...

IT is thin and see-thru...

IT is a garment of fame and vanity ...

**Sisters, Isn't it time for you
to **Correct your hijab !****

Camel Hump Hijab

Camel Hump Hairstyles Are Forbidden In Islam

Allah will be very angry and displeased with those women who have hairstyles that are shaped like a camels hump, resulting in preventing them from entering into Jannah (Heaven). This could also attract the Curse of Allah - **UNLESS THEY REPENT**

Prophet Muhammad (pbsh) said; "There are two groups from amongst the dwellers of Jahannam (Hell) whom I have not seen. Some people who have whips like tails of cows (i.e. Very Thick), with which they beat people - And women covering their bodies yet naked, who flirt and attract, whose heads are like the humps of camels. They will not enter Jannah (paradise), nor will they enjoy its fragrance, even though its fragrance can be smelt from such and such distance." [Sahih Muslim]

- First group are the tyrant Muslim rulers and the second group is that of immodestly dressed and flirting women, whose sole aim is to be the centre of attraction within the community. The sins of both groups will push them towards Jahannam (Hell).
- Fragrance of Jannah (Heaven) will be enjoyed by the pious when they will be in the plain of resurrection, waiting for judgement to commence. Jannah (Heaven) will be brought closer and Jahannam (Hell) will be pulled forward. The pious will enjoy the cool breeze of Jannah (Heaven) and its fragrance from a distance of 500 years. Whereas the others will be terrified at the sight of Jahannam (Hell).

Moral: Lead a simple life, Dress modestly and follow the pious ladies of the past!!
